IN THIS ISSUE

**LET'S LOOK BACK TO
2019**

**WHAT HAPPEN IN
JANUARY 2020**

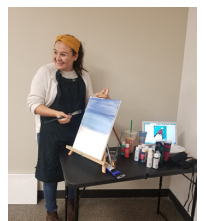

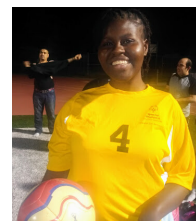

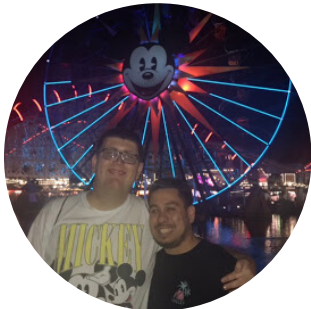

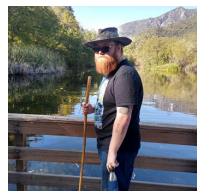

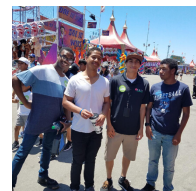

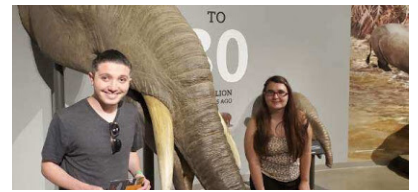

**EVENTS/ACTIVITIES:
FEBUARY 2020**

A.R.I.L has some exciting news for the new year!

A.R.I.L is excited to be moving into the new year. We have so many things in planned. Such as a newsletter that will inform you of upcoming events, share photos from past events, and much much more!

Looking Back to 2019

ARIL attended many activities and events during 2019 and we would like to share with you some of these exciting memories in this photo collage. Direct Support Staff and Persons Served worked on socialization skills, how to stay safe while out in the community, money management skills, learning to access different types of events and developing new friendships. Persons Served had the chance to participate in bowling tournaments, sporting games, county fairs, museums, and much much more!

Events that happened in January 2020

Bowlero Bowling Tournament

A.R.I.L was able to host a bowling tournament on January 21, 2020 for Persons Served to show off their skills. For this event, A.R.I.L had three winners for being top bowlers. For third place we had Yasmine, second place was Ashley, and first place was Jordan.

A.R.I.L plans to host a bowling tournament every 2 months, so keep an eye out in the future for dates!

Festival of Human Abilities

On January 24, 2020, Persons Served were able to attend the Aquarium of the Pacific in Long Beach, California for a special celebration. Every year the aquarium hosts a Festival of Human Abilities to celebrate and highlight the creative talents and abilities of people with disabilities. This is the 2nd year A.R.I.L. has been able to participate in this festival and receive free admission for Persons Served to attend. While at the aquarium everyone was able to learn and interact with many different types of sea and land life.
