## AUGUST NEWSLETTER

As August arrives, it brings the final stretch of summer and the first signs of fall just around the corner! It's a time to soak in the warmth, enjoy the slower moments, and begin preparing for the changes ahead. At ARIL, we remain committed to supporting our person served with care and goal-oriented sessions every day. As the seasons shift, our dedication stays strong, ensuring each person served continues to feel empowered, included, and valued!

This is also a great time to check in on personal goals. Whether you're making steady progress or considering a new direction, it's okay to reflect and make adjustments. If you feel ready for a change in focus or need support in redefining your goals, don't hesitate to let your DSP know. We're here to help you stay on track and to grow in the ways that matter most to you.

# ARIL accepts Self Determination Services

The Self-Determination Program (SDP) with Inland Regional Center (IRC) offers individuals with developmental disabilities greater control, flexibility, and choice in how they receive services and supports, compared to traditional IRC services. Under the SDP, participants receive an individualized budget based on their assessed needs and can choose service providers who do not have to be vendorized with IRC, giving them the freedom to design a customized plan that reflects their personal goals, cultural background, and lifestyle.

In contrast, traditional IRC services follow a more standardized approach, where case managers coordinate services through vendored providers within a structured system. While both models aim to support individuals in living fulfilling lives, the Self-Determination Program empowers participants with more autonomy and person-centered planning.
