JULY NEWSLETTER

Summer is in full swing, bringing sunshine, longer days, and plenty of opportunities to get out into the community, build new skills, and enjoy meaningful experiences. Whether it's visiting local parks, attending community events, exploring libraries and recreation centers, or spending time with family and friends, July is a great month to continue growing independence while having fun.

This month, we celebrate Independence Day on the Fourth of July, a time to reflect on the importance of community and coming together. It's also a wonderful opportunity to safely enjoy local celebrations, picnics, parades, and fireworks while making lasting memories.

Let's make July a month of confidence, community involvement, and continued success!

SPOTLIGHT

PERSON SERVED SPOTLIGHT: TAYLOR'S LOVE OF READING!

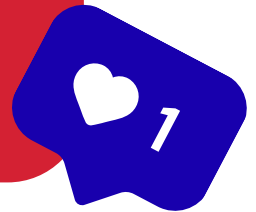

This month, we are proud to recognize Taylor for spending time exploring her favorite stores and growing her personal book collection. During the month of June, Taylor enjoyed visiting bookstores and shopping for new books that matched her interests. She took her time browsing, selecting titles she was excited to read, and making thoughtful choices about what to add to her collection. In addition to choosing new books, Taylor dedicated more time to reading, allowing her to enjoy one of her favorite hobbies while strengthening her focus, literacy, and independent recreation skills. Finding meaningful activities that bring joy and encourage lifelong learning is an important part of building independence, and Taylor has done an excellent job making reading a regular part of her routine. Congratulations, Taylor, on continuing to explore your interests and making time for something you love!

Have you recently accomplished a goal, learned a new skill, or achieved something you're proud of? Let your DSP know! We love celebrating the accomplishments of the people we support, and you could be featured in an upcoming newsletter spotlight.

Self Determination Services

The Self-Determination Program (SDP) with Inland Regional Center (IRC) offers individuals with developmental disabilities greater control, flexibility, and choice in how they receive services and supports, compared to traditional IRC services. Under the SDP, participants receive an individualized budget based on their assessed needs and can choose service providers who do not have to be vendorized with IRC, giving them the freedom to design a customized plan that reflects their personal goals, cultural background, and lifestyle.

In contrast, traditional IRC services follow a more standardized approach, where case managers coordinate services through vendored providers within a structured system. While both models aim to support individuals in living fulfilling lives, the Self-Determination Program empowers participants with more autonomy and person-centered planning.
