SEPTEMBER NEWSLETTER

As summer winds down and we begin to feel the first signs of fall, September invites us into a season of reflection, renewal, and fresh perspective. The long, sun-filled days may be coming to a close, but a new season is around the corner, one that brings crisp air, colorful leaves, and opportunities for growth.

At ARIL, our commitment to supporting each person served remains strong through every season. With care and goal-oriented sessions each day, we continue to create a space where every individual feels empowered, included, and valued.

This is also a great time to check in on your personal goals. Whether you're continuing steady progress or thinking about a new direction, September offers the perfect moment to reflect and reset. If you're feeling ready to shift focus or explore new goals, don't hesitate to share your thoughts with your DSP. We're here to support you every step of the way as you grow, explore, and work toward what matters most to you!

Self Determination Services

The Self-Determination Program (SDP) with Inland Regional Center (IRC) offers individuals with developmental disabilities greater control, flexibility, and choice in how they receive services and supports, compared to traditional IRC services. Under the SDP, participants receive an individualized budget based on their assessed needs and can choose service providers who do not have to be vendorized with IRC, giving them the freedom to design a customized plan that reflects their personal goals, cultural background, and lifestyle.

In contrast, traditional IRC services follow a more standardized approach, where case managers coordinate services through vendored providers within a structured system. While both models aim to support individuals in living fulfilling lives, the Self-Determination Program empowers participants with more autonomy and person-centered planning.
